

**LD-100, LD-100S & LD-200**  
**Heavy-Duty Label Dispensers**  
**Now also dispenses transparent labels**

The amazing **LD-100 and LD-200** Label Dispensers advance the art of label dispensing with their ability to dispense virtually any type of label, whether opaque, semi-transparent, or even completely transparent! The fast loading Models **LD-100** and **LD-200** accept labels up to 115 mm (4.5”) or 165 mm (6.5”) wide respectively, and accurately and rapidly advance them for instant picking.

Using LABELMATE’s patented advanced sensor technology, the new dispensers reliably peel your label from its backing and present it ready to pick. As soon as you pick a label from the Dispenser, the next one is automatically and instantly advanced. A “HIGH-LOW” Speed Switch plus an adjustable sensor to precisely match label length and solve any label curling problems further enhance the versatility of these products.

The **LD-100S** continuously advances labels at the rate you choose and includes an ON-OFF Foot Switch for production applications. It’s ideal for very small or unusual labels that most dispensers can’t handle.

Using the latest technology, these versatile **Label Dispensers** work with nearly any kind of label. With any of the models, you just slide your roll of labels onto the built-in Core Holder. Then thread the label web through to the take-up spindle and your Label Dispenser is ready for use! Rugged, heavy-gauge steel construction and precision parts yield products of the highest quality. Designed for all-day, every-day use, these Dispensers are backed by LABELMATE’s famous **3-Year Parts and Labor Limited Warranty**, assuring you trouble-free performance.

LD-100 / LD-200

with Counter & Flanges

LD-100S

| MODEL      | DESCRIPTION  | LABEL WIDTH                      | LABEL LENGTH                  | ROLL DIA.                           |
|------------|--|----------------------------------|-------------------------------|-------------------------------------|
