## **Regulation (EU) 2025/40 Packaging and packaging waste**

Dear Sir or Madam,

The paper cores delivered to your company are used in industrial manufacturing processes and are therefore not packaging within the meaning of Regulation (EU) 2025/40 Annex 1. The Packaging Act does not apply to these products.

However, our products consist of a very high proportion of core wrapping cardboard. This cardboard is made from 100% recycled waste paper. Our products comply with Art. 6 (1), (1b) of the above-mentioned regulation and can be returned to the waste paper cycle in their entirety after use, thus contributing to the ecological sustainability of our products.

Kind regards,

Paul & Co GmbH & Co KG
